

CAPABILITY STATEMENT

BCI, Inc. is a well established, vertically integrated company providing **Disaster Relief & Re-Construction** work for public authorities and private clients, complete **Site Construction & Development** services, **Landscape Construction & Maintenance**, **Snow & Ice Management**, and **Truck & Equipment Rentals** with Operators. We provide quality workmanship with expert advice and guidance in project decisions to help our clients enhance the value of their projects.

Special Expertise

Our past experience in winter storm, hurricane and other **Disaster Relief & Re-Construction** work for public authorities and private clients, combined with our experience in complete site construction, gives us a distinctive edge. We understand the challenges involved with storm weather, massive crew and trucking coordination, material management and debris disposal, as well as environmental concerns and administrative burdens.

We manage and perform emergency relief and re-construction work for the immediate and long term infrastructure necessities, have the ability to deploy numerous Debris Removal, Demolition & Hazardous Material Crews on a short notice, and operate multiple Temporary Debris Storage and Reduction Sites (TDSRS). Our Mechanical Division responds to any field repair needs to ensure continuous operations and we utilize our existing vendor network and reliable partnerships for material supplies.

Past Disaster Relief & Debris Removal Work

- Hurricane Irene NC, MD, VA, NY, NJ, DE, CT, MA & VT
- Springfield Tornado, MA
- Alabama Tornadoes, AL & TN
- New York City Snow Blizzards, NY
- Baltimore Snow Blizzards, MD
- Hurricane Ike, TX
- Hurricane Rita, LA
- Hurricane Katrina, LA
- Hurricane Wilma, FL
- Hurricane Charley, FL
- Hurricane Jeanne, FL
- Hurricane Frances, FL
- The Great Ice Storm, VT
- Hurricane Gloria, CT

Clientele

Our commercial and industrial clientele includes State, federal and municipal authorities, general contractors and developers, property managers and housing complexes, as well as healthcare and educational providers.

Experience

We specialize in new site and road construction as well as site renovations and subdivision development. Over the 40 years of doing business we have developed our procedures to successfully maintain quality and cost controls, to ensure timely production and to prioritize safety. We deliver the peace of mind in knowing that the work has been done right, within the budget, and on time - every time. *See also attached Project History*

Equipment

BCI owns and operates an extensive inventory of commercial vehicles and heavy equipment including debris reduction machinery. Our fully staffed Mechanical Division inspects, repair and maintain the fleet daily in full compliance with DMV and DOT regulations. In addition, company's roadside service vehicles stand ready to assist in unexpected repair needs in the field. BCI is also a power equipment dealer and has access to a variety of small power equipment. BCI, Inc. and its network of subcontractors have the capacity to deploy:

Item	Approximate Quantity
• Dump Trucks/Dump Trailers	250
• Chip Trailers	50
• Front end Loaders	150
• Log Loaders	50
• Hydraulic Excavators	100
• Skid Steers	100
• Tree crews (bucket trucks, chippers, etc)	100
• Air Compressors	50
• Backhoes	50
• Dozers	75
• Motor Graders	15 – 30
• Crushers – Aggregates	15 – 30
• Tub Grinders	25
• Acetylene Cutting Torches (tanks, hoses, and equipment)	50
• Water Pumps	50
• Water Trucks	25
• Fleet Vehicles	100
• Compactors/Rollers	25

Company Principal

Robert Butler minored in Urban Forestry from the University of Vermont and holds a Bachelor's degree in Business Management. After completing college studies he obtained the knowledge and all of the applicable licensing (Arborist & Pesticide License # S-3295), managing several divisions and departments throughout the company.

Robert's hands-on experience has been instrumental in the company's successful transition to the second generation of family management and he actively participates in business development, operational management, equipment infrastructure and client relations.
